HDD+DVD Recorder Series

HDD+DVD Recorder

With the enlarged recording capability that came with the built-in HDD, sky's the limit for video recording! Plus, the doubled recording space allowed by a DVD+R DL disc increases twice as much the recording hours.

- LVW-5025GHC+ 80GB; 100 hours of videos
- LVW-5045GHC+ 160GB; 200hours of videos
- LVW-5055GDL+ 250GB; 330 hours of videos; DVD+R DL compatible

DV Link (IEEE 1394) Digital Camcorder Connection

Connect a DV Camcorder to the "DV Link" to easily archive camcorder footages digitally in DVD quality to a DVD recordable disc that lasts. Moreover, the on-screen DV Control panel allows basic commands over the DV camcorder using the DVD Recorder's remote control.

- All models

DivX® Videos Playback

DivX® is the world's most popular video technology, with more than 2 billion existing DivX® files on PCs and networks and well over 200 million users worldwide. The DVD Recorder is designed to add DivX® video playback compatibility to achieve versatile playback diversity.

- All models

Disc Backup

You can back up contents recorded on the built-in HDD to a disc media and vice versa. Simply press the Copy key on the remote and the item selected can be copied to your desired destination.

- All models

ShowView/VIDEO Plus+ Timer Programming System

This integrated easy-to-use timer recording system simplifies the tedious timer recording procedures seen on conventional DVD recorders. With ShowView/VIDEO Plus+, you can instantly record or schedule recordings of TV shows by entering a set of number corresponding to a specific TV programs, its broadcast channel and time.

- All models

Graphical User Interface Easy Guider™

The advanced user-friendly interface, Easy Guider™ menu, makes using the DVD Recorder a snap. At the press of a few buttons, you are guided through all the major features available. It's never been so easy and fun!
